

deposit insurance funds from significant risk, to prevent unsafe or unsound practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(ii) *Nonresidential realty loans permissible for a Federal savings association conducted in an amount not permissible.* An insured state savings association that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may make nonresidential real property loans in an amount exceeding the amount described in section 5(c)(2)(B) of HOLA, if the savings association files a notice in compliance with § 303.141 of this chapter and the FDIC processes the notice without objection under § 303.142(a) of this chapter. Consent will be given only if the FDIC determines that engaging in such lending in the amount designated poses no significant risk to the affected deposit insurance fund.

(iii) *Acquiring and retaining adjustable rate and money market preferred stock.* (A) An insured state savings association's investment of up to 15 percent of the association's tier one capital in adjustable rate preferred stock or money market (auction rate) preferred stock does not represent a significant risk to the deposit insurance funds. An insured state savings association may conduct this activity without first obtaining the FDIC's consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(B) An insured state savings association may acquire or retain other instruments of a type determined by the FDIC to have the character of debt securities and not to represent a significant risk to the deposit insurance funds. Such instruments shall be included in the 15 percent of tier one capital limit imposed in paragraph (b)(2)(iii)(A) of this section. An insured state savings association may conduct

this activity without first obtaining the FDIC's consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(3) *Activities permissible for a Federal savings association conducted in an amount not permissible.* Except as provided in paragraph (b)(2)(ii) of this section, an insured state savings association may engage as principal in any activity, which is not an equity investment of a type permissible for a Federal savings association, in an amount in excess of that permissible for a Federal savings association, if the savings association meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency, the institution has advised the appropriate regional director (DOS) under the procedure in § 303.142(c) of this chapter within thirty days before engaging in the activity, and the FDIC has not advised the insured state savings association that conducting the activity in the amount indicated poses a significant risk to the affected deposit insurance fund. This section shall not be read to require the divestiture of any asset if the asset was acquired prior to August 9, 1989; however, any activity conducted with such asset must be conducted in accordance with this subpart.

§ 362.12 Service corporations of insured state savings associations.

(a) *Prohibition.* A service corporation of an insured state savings association may not engage in any activity that is not permissible for a service corporation of a Federal savings association, unless it meets one of the exceptions in paragraph (b) of this section.

(b) *Exceptions—(1) Consent obtained through application.* A service corporation of an insured state savings association may conduct activities prohibited by paragraph (a) of this section if the savings association obtains the FDIC's prior written consent and the

insured state savings association meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency. Consent will be given only if the FDIC determines that the activity poses no significant risk to the affected deposit insurance fund. Applications for consent should be filed in accordance with § 303.141 of this chapter and will be processed under § 303.142(b) of this chapter. Approvals granted under § 303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the deposit insurance funds from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(2) *Service corporations conducting unrestricted activities.* The FDIC has determined that the following activities do not represent a significant risk to the deposit insurance funds:

(i) A service corporation of an insured state savings association may acquire and retain equity securities of a company engaged in securities activities authorized in paragraph (b)(4) of this section if the bank complies with the following restrictions and files a notice in compliance with § 303.141 of this chapter and the FDIC processes the notice without objection under § 303.142(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activity if the facts and circumstances warrant such action. If changes to the management or business plan of the company at any time result in material changes to the nature of the company's business or the manner in which its business is conducted, the insured state savings association shall advise the appropriate regional director (DOS) in writing within 10 business days after such change. Investment under this paragraph is authorized if:

(A) The service corporation controls the company;

(B) The savings association meets the core eligibility criteria of § 362.4(c)(1);

(C) The service corporation meets the core eligibility criteria of § 362.4(c)(2) (with references to the term "subsidi-

ary" deemed to refer to the service corporation), or the company is a corporation meeting such criteria;

(D) The savings association's transactions with the service corporation comply with the investment and transaction limits of paragraph (c) of this section, and the savings association's transactions with the company comply with such limits as if it were a service corporation;

(E) The savings association complies with the capital requirements of paragraph (d) of this section with respect to the service corporation and the company; and

(F) The savings association and the company comply with the additional requirements of § 362.4(b)(5)(ii) (with references to the term "majority-owned subsidiary" deemed to refer to the company).

(ii) A service corporation of an insured state savings association may acquire and retain equity securities of a company engaged in the following activities, if the service corporation controls the company or the company is controlled by insured depository institutions, and the association continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The FDIC consents that such activity may be conducted by a service corporation of an insured state savings association without first obtaining the FDIC's consent. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(A) *Equity securities of a company that engages in permissible activities.* A service corporation may own the equity securities of a company that engages in any activity permissible for a Federal savings association.

(B) *Equity securities of a company that acquires and retains adjustable-rate and money market preferred stock.* A service corporation may own the equity securities of a company that engages in any activity permissible for an insured state savings association under § 362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(ii)(B), paragraph (b)(2)(iv) of this section, and

§ 362.11(b)(2)(iii) in the aggregate do not exceed the limit set by § 362.11(b)(2)(iii).

(C) *Equity securities of a company acting as an insurance agency.* A service corporation may own the equity securities of a company that acts as an insurance agency.

(iii) *Activities that are not conducted “as principal”.* A service corporation controlled by the insured state savings association may engage in activities which are not conducted “as principal” such as acting as an agent for a customer, acting in a brokerage, custodial, advisory, or administrative capacity, or acting as trustee, or in any substantially similar capacity.

(iv) *Acquiring and retaining adjustable-rate and money market preferred stock.* A service corporation may engage in any activity permissible for an insured state savings association under § 362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(iv), paragraph (b)(2)(ii)(B) of this section, and § 362.11(b)(2)(iii) in the aggregate do not exceed the limit set by § 362.11(b)(2)(iii).

(3) [Reserved]

(4) *Service corporations conducting securities underwriting.* The FDIC has determined that it does not represent a significant risk to the deposit insurance funds for a service corporation to engage in the public sale, distribution or underwriting of securities provided that the activity is conducted by a service corporation of an insured state savings association in compliance with the core eligibility requirements listed in § 362.4(c); any additional requirements listed in § 362.4(b)(5)(ii); the savings association complies with the investment and transaction limitations of paragraph (c) of this section; and the savings association meets the capital requirements of paragraph (d) of this section. The FDIC consents that these listed activities may be conducted by a service corporation of an insured state savings association if the savings association files a notice in compliance with § 303.141 of this chapter and the FDIC processes the notice without objection under § 303.142(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activities if the facts and

circumstances warrant such action. If changes to the management or business plan of the service corporation at any time result in material changes to the nature of the service corporation's business or the manner in which its business is conducted, the insured state savings association shall advise the appropriate regional director (DOS) in writing within 10 business days after such change. For purposes of applying § 362.4 (b)(5)(ii) and (c) to this paragraph (b)(4), references to the terms “subsidiary” and “majority-owned subsidiary” in §§ 362.4(b)(5)(ii) and (c) shall be deemed to refer to the service corporation. For the purposes of applying § 362.4(c), references to the term “eligible subsidiary” in § 362.4(c) shall be deemed to refer to the eligible service corporation.

(c) Investment and transaction limits. The restrictions detailed in § 362.4(d) apply to transactions between an insured state savings association and any service corporation engaging in activities which are not permissible for a service corporation of a Federal savings association if specifically required by this part or FDIC order. For purposes of applying the investment limits in § 362.4(d)(2), the term “investment” includes only those items described in § 362.4(d)(2)(ii)(A) (3) and (4). For purposes of applying § 362.4(d)(2), (3), and (4) to this paragraph (c), references to the terms “insured State bank” and “subsidiary” in § 362.4(d)(2), (3), and (4), shall be deemed to refer, respectively, to the insured state savings association and the service corporation. For purposes of applying § 362.4(d)(5), references to the terms “insured State bank” and “subsidiary” in § 362.4(d)(5) shall be deemed to refer, respectively, to the insured state savings association and the service corporations or subsidiaries.

(d) *Capital requirements.* If specifically required by this part or by FDIC order, an insured state savings association that wishes to conduct as principal activities through a service corporation which are not permissible for a service corporation of a Federal savings association must:

(1) Be well-capitalized after deducting from its capital any investment in

Federal Deposit Insurance Corporation

§ 363.1

the service corporation, both equity and debt.

(2) Use such regulatory capital amount for the purposes of the insured state savings association's assessment risk classification under part 327 of this chapter.

§ 362.13 Approvals previously granted.

FDIC consent by order or notice. An insured state savings association that previously filed an application and obtained the FDIC's consent to engage in an activity or to acquire or retain an investment in a service corporation engaging as principal in an activity or acquiring and retaining any investment that is prohibited under this subpart may continue that activity or retain that investment without seeking the FDIC's consent, provided the insured state savings association and the service corporation, if applicable, continue to meet the conditions and restrictions of approval. An insured state savings association which was granted approval based on conditions which differ from the requirements of §§ 362.4(c)(2) and 362.12 (c) and (d) will be considered to meet the conditions and restrictions of the approval if the insured state savings association and any applicable service corporation meet the requirements of §§ 362.4(c)(2) and 362.12 (c) and (d). For the purposes of applying § 362.4(c)(2), references to the terms "eligible subsidiary" and "subsidiary" in § 362.4(c)(2) shall be deemed to refer, respectively, to the eligible service corporation and the service corporation.

Subpart D—Acquiring, Establishing, or Conducting New Activities Through a Subsidiary by an Insured Savings Association

§ 362.14 Purpose and scope.

This subpart implements section 18(m) of the Federal Deposit Insurance Act (12 U.S.C. 1828(m)) which requires that prior notice be given the FDIC when an insured savings association establishes or acquires a subsidiary or engages in any new activity in a subsidiary. For the purposes of this subpart, the term "subsidiary" does not include any insured depository institu-

tion as that term is defined in the Federal Deposit Insurance Act. Unless otherwise indicated, the definitions provided in § 362.2 apply to this subpart.

§ 362.15 Acquiring or establishing a subsidiary; conducting new activities through a subsidiary.

No state or Federal insured savings association may establish or acquire a subsidiary, or conduct any new activity through a subsidiary, unless it files a notice in compliance with § 303.142(c) of this chapter at least 30 days prior to establishment of the subsidiary or commencement of the activity and the FDIC does not object to the notice. This requirement does not apply to any Federal savings bank that was chartered prior to October 15, 1982, as a savings bank under State law or any savings association that acquired its principal assets from such an institution.
